

REMARKS

Claims 1 through 41 continue to be in the case.

New claims 39 through 41 were submitted with the amendment filed on July 11, 2003.

Action on claims 39 through 41 is respectfully requested.

4. Applicant is planning to cancel the claims containing subject matter not supported by the drawings.

The Office Action refers to Claim Rejections - 35 USC § 112

6. Claims 17, 21, and 37 stand rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claim 17, the structure of the cylindrical forming tool is not clear. Claim 21, it is unclear as to how "the driven gear wheel of one driven and driving gear set functions as the driving gear of another driven and driving gear wheel set." Specially, in the specifications, the applicant asserts the system is driven at the drive side 5. Claim 37, the structure of the angle of the rolling curve arc is not clear.

Applicant is presently working on clarifying the language of the claims.

The Office Action refers to *Claim Rejections - 35 USC § 102*

8. Claims 1, 2, 9, 14-16, 20, 24, and 39-41 stand rejected under 35 U.S.C. 102(b) as being anticipated by Noye et al. (USPN 3,362,685).

Applicant respectfully traverses the rejection and requests reconsideration. Applicant is presently working on a Supplemental response, which will be submitted promptly.

The Office Action refers to Allowable Subject Matter.

9. Claims 4, 6, 8, 13, 26, 27, 28, 29, 31, 32, 33, and 36 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant gratefully acknowledges the indication of allowable subject matter. Applicant will promptly submit fully allowable claims in independent form.

Reconsideration of all outstanding rejections is respectfully requested. All claims as presently submitted are deemed to be in form for allowance and an early notice of allowance is earnestly solicited.

Respectfully submitted,

Jorg Oser
